CHEERFUL WORDS

For Many a Norway Household.

To have the pains and aches of a bad back removed—to be entirely free from annoying, dangerous urinary disorders, is enough to make any kidney sufferer grateful. The following advice of one who has suffered will prove helpful to hundreds of Norway readers.

Mrs. F. L. Starbird, Norway, says: "Doan's Kidney Pills have been an old standby with me for years. At times my kidneys don't act as they should and my back aches. I often have blinding dizzy spells and rheumatic pains when my finger joints swell and are painful. I always use Doan's Kidney Pills from Noyes Drug Store at these times and they quickly cure me of the attack. I can't say enough in praise of Doan's."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Starbird had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

It Pays for Itself

EASY Vacuum Electric Washer

For four cents a week the "EASY" Electric Washer will do the average wash. At this rate it doesn't take long for it to pay for itself.

The savings begin to show the first week.

All we ask is that you let us do one washing for you—on your next wash day—to show you the economy and superiority of washing the "EASY" way.

You are under no obligation whatever. It won't cost you a cent. We shall bring along our own soap. All you have to do is watch us while we show you the modern, money-and-time-saving way of washing clothes in the sanitary surroundings of your own home.

Why not call or write us now, while you are thinking about it? Our telephone number is 25-4.

NOTE—Remington Game Loads are loaded exclusively in "Nitro Club" Waterproof Shells. Waterproof means just what it says.

Why Dealers Here in Town are selling so many Remington Game Loads

It doesn't take sportsmen long to get the ins and outs of any thing new that's offered them.

When Remington announced the Remington Game Loads last year, not all the men who wanted to try them could do so. Because it was their first year and there weren't enough to go 'round.

But those who *did* shoot them told the others, and *this* season there is a demand for Remington Game Loads that has never been approached in the history of the loaded shell business.

Whether you are already a Game Load enthusiast or have yet to shoot your first box—you will be interested in the facts about powder we uncovered in our Bridgeport tests on loaded shells. These are given in the panel at the right.

To the practical minds of the Remington organization, these discoveries indicated that there was just one thing to be done—

Fix a safe working standard of *velocity, pattern and penetration* for each kind of small game.

Make this standard *absolute*. And load just the right amount of powder to give it—whether it takes an eighth dram more or an eighth dram less.

That is the theory and practice of game loads.

Uniform shooting results—instead of a hard and fast loading formula. Powder varies—Remington Game Loads do not.

Naturally, you won't find the *weight* of powder indicated on Remington Game Load boxes—because the weight is *not fixed*.

You do not find the *name* of the powder because Remington takes full responsibility for the shell complete—including the powder.

Go to your dealer's. Get one box of Remington Game Loads and shoot them. We'll leave the rest up to your judgment.

REMINGTON ARMS COMPANY, Inc.—New York City
Established 1816.

These are the Facts disclosed by Remington's Ballistic Tests

A—A given weight of the same kind of powder doesn't always give the same velocity, pattern or penetration.

B—Powder varies batch by batch—even the same kind and make. One batch, for instance, gives a velocity of 925 feet per second. Another may fall as low as 840 feet per second.

C—This is nobody's fault. Powder comes that way.

D—The man who buys his shells by the weight and kind of powder—often misses a lot of game and never knows why.

Pratt Neighborhood
H. M. Pratt is having the shed, con-

necting house and barn, raised and a floor put in. Charles Poland and Jim Walker of Welchville are doing the work.

Emma Roak of Auburn and Edna Bessom of Lynn, Mass., are visiting Mrs. H. M. Pratt.

BETHEL

Francis Randall has returned to Hyde Park, Mass., to resume his school studies. The Rev. S. T. Akenback preached at West Bethel Sunday afternoon.

Mrs. Nellie Kendrick of Litchfield is visiting her sister, Mrs. Hiram Bean. Mrs. Kendrick spent the past winter there owing to Mrs. Bean's illness at that time.

Mary Wiley is housekeeper at W. W. Hastings.

Mrs. A. E. K. Grover returned to the home of her nephew, D. R. Smith, recently.

Some time last Saturday night, William Farmer's car, which was parked behind his store was stolen. It must have been hauled away for no noise disturbed the people in the rent upstairs.

E. F. Peterkin is harvesting a fine crop from his eighteen acres of oats. He has recently added two cows to his dairy herd.

Labor Day the Bethel-Grange members met and tore down the stable and shed connected with the hall preparatory to making extensive repairs on the dining room and improving the appearance of the hall. This hall is really a landmark of Bethel Village and "Pattee's" hall was at one time the only one.

Mrs. Marion Wilson Philbrick and Mrs. Annie Jordan of Mexico were in town recently.

Dr. R. R. Tibbetts and family and Dorothy Hutchins are at Presque Isle for a week.

Mrs. Hester Sanborn is helping in the Atlantic & Pacific store during Miss Hutchins' absence.

Dr. W. B. Twaddle is having a few days vacation.

William Hutchins of Schneestady N. Y., has been home for a few days.

Arthur Bean of New Sharon was in town a few days.

Will Haggood of Jefferson Highlands visited relatives in town on his way from Portland.

Cunningham-Smith

Ruby Marcia Smith and William E. Cunningham were united in marriage at the Congregational parsonage, Sunday evening, September 2, at 8.30. Daniel R. Smith, brother of the bride attended them. They left on the evening train for Gorham, N. H., where their home was in readiness for them. Many relatives and friends extend wishes for happiness and prosperity.

Mary V. Gill was a guest of friends a few days. She has spent her annual vacation at her cottage on the old home farm in Greenwood.

Sunday River

Richard M. Williamson
The sudden death of Richard M. Williamson, recently, came as a shock to his old neighbors. He had planned to go to the Lakes on a fishing trip when stricken. Although seventy-six years old he was active and took a lively interest in all the doings of his home town. He leaves one sister, Mrs. Margaret E. Cleveland of Philadelphia, Penn., and a brother, G. D. Williamson, of Ludlow. Of his immediate family he leaves a son, Frank, two grandsons and five great-grandchildren. His wife, who was Viola Hastings of Bethel, passed away many years ago. He was a lifelong resident of Sunday river and only, H. Kendall, O. P. Littlehale, Lewis Eames and C. B. Foster (spends his summers there) of his old time schoolmates and friends that reside in the valley at the present time. His genial presence will be sadly missed.

Ruth Kendall has returned to Boston, Mass., to resume her work at dressmaking. Mr. and Mrs. Cleveland Fairbanks have been making repairs on the Williamson place at the "Branch."

SWEDEN

John C. Evans and nephew, Lester Evans, of Boston, Mass., were Sunday callers at Dr. A. L. Smart's.

Miss Poston and Alice Hitchcock of New York, were at Annie Perry's, recently.

Mrs. Ethel Wilson and little Mary of Woodfords, and John Mason and son, Bert, of Lovell, were at Mrs. Eunice Richardson's, Friday.

Mrs. Emma Wilson entertained the Ladies Aid, Wednesday afternoon, Sept. 5.

Mr. and Mrs. Ethelbert Bennett and son, Charles, took a trip to Lewiston, Thursday.

Mr. and Mrs. G. R. Kimball and daughters, Myra and Elizabeth of North Brighton and W. C. Perry of Pepperell, Mass., visited Annie and Alice Perry, Sunday.

Mrs. Hattie Noyes and son, Harry with friends from Bridgton, visited her old home and called on old neighbors, Sunday, Sept. 2.

Mr. and Mrs. E. N. Abbott and children visited at Waterford, Sept. 2.

Black Mt.

Calvin Briggs is working on the road in West Bridgton.

Many truck loads of rocks are being hauled daily from the hill to the Moose Pond bridge.

Bessie Tower has returned from South Chatham, where she has been working this summer.

School has opened once more with our same teacher, Florence Gregory of North School. Her last term here was very successful and it is with pleasure we welcome her back.

Several loads of corn have been hauled from the hill to the Bridgton corn shop.

OTISFIELD GORE

Since returning from Camp Meeting, Mr. and Mrs. Mansfield Holman have entertained for several days, Mr. and Mrs. Amos Dye of Dorchester, Mass., Dr. and Mrs. Robert Mabury and son from Saco, Rev. Merton Snow and daughter Sam Concord, N. H., Mr. and Mrs. Perley Holman and two daughters from Biddeford, Mr. and Mrs. Lillian Welch of Massachusetts, Mr. and Mrs. Jesse Scribner of Harrison.

Spent Labor Day here. Mr. and Mrs. Perley Holman took his father and mother on a three days' trip into New Hampshire to visit their son Orin at Littleton, who has lately settled there as superintendent of schools.

Mr. and Mrs. Walter Whitman spent Sunday at Yarmouth. Mrs. Whitman's parents, Mr. and Mrs. W. A. Hersey, returned with them for a week's visit.

Speaks to Mothers

East Boston.—At 23 Lamson St., Mrs. Nellie Woodsford and her children now "live happy and grateful" to the kind neighbor who recommended Dr. True's Elixir to them. Mrs. Woodsford says: "My bowels were out of order and my breath was bad. I was shaky all over. I had terrible headaches and it seemed I had suffered years before your Dr. True's Elixir was brought to me. After a short time I was myself again, my bowels were all right and I'm full of gratitude."

Dr. True's Elixir, the True Family Laxative and Worm Expeller has done wonders for children and grown-ups for over 70 years. Internationally known. Pleasant to take, mild in action. No harmful drugs. 40c, 60c, \$1.20.

What is the Life of an Exide Battery?

Many car owners have obtained five or more years of service from their Exide Batteries. Others permit their batteries to be ruined in a few months through neglect and preventable abuse.

The things which do the greatest damage are lack of water, lack of charge and properly secured. So we say frankly to Exide owners that the life of their batteries is largely in their hands.

Keep your battery well charged, filled with water, clean and properly secured in its place and it will give a long life and unfailing service.

DOCTORS WANTED TO OPERATE

Mrs. Quillon Tells How Lydia E. Pinkham's Vegetable Compound Saved Her from an Operation

Muskegon, Michigan.—"After doctoring for eight or nine years with different

any relief at all, they said at last that medicine would not reach my case and I should have an operation. I had heard of Lydia E. Pinkham's Vegetable Compound and often saw it advertised in different papers where some women had suffered just as I did and got well and strong again by taking the Vegetable Compound. I decided to see what it would do for me, and before I had finished the fourth bottle I was much better, the weakness stopped and the severe pains in my sides left me. I am now much stronger and do my own work and work in the factory besides. I am still taking the Vegetable Compound and give it all the praise."—Mrs. NELLIE QUILLON, 17 Morris St., Muskegon, Mich.

Women should heed such warning symptoms as bearing-down pains and weakness, for they indicate some female trouble, and a persistent and faithful use of Lydia E. Pinkham's Vegetable Compound will seldom fail to help.

Where Care Comes In

Thousands of Willard Service Stations provide filling, recharging and testing service in almost every community. All that is required from YOU is will-power enough to drive in regularly and attend to it! As to the fourth factor in getting months and miles out of your battery—

When either use or abuse, miles or neglect, begins to break down upon your battery, there is one spot that has almost invariably been attacked first. It is the weakest spot—the insulation between the plates. Anyone who has an electric light, a telephone or any other electrical device knows that the wires and other metallic parts have to be kept apart or "insulated" so that the electricity will not escape and cause damage. Likewise everyone knows that the ideal insulation for most purposes is RUBBER.

A Little Talk On Courtesy

By THE VETERAN MOTORIST

EVERY motorist who prides himself on being a better-than-average driver knows how important the matter of courtesy is. A whole flock of seemingly little things distinguish really good drivers from only average or fair ones.

Consideration for pedestrians, especially those on the sidewalk, is one of those little things. How often you see a driver go breezing up close to the curb full speed right through a puddle of water. He could have avoided it. But no, he has that darned, "don't care" habit, and a woman has a new dress or expensive cleaning job to pay for. I don't get sore very often. But that particular kind of thoughtlessness always gives me a sharp pain under the collar.

It doesn't cost a red cent to be courteous, and it pays big in the self-respect you get out of it—always.

OTISFIELD

Dead at 103

Mrs. Miriam Tuttle Sargent Sylvester, who died recently at the home for the Aged on Herkimer street, at Brooklyn, N. Y., at the age of 103 years, had been a resident of Otisfield for thirty years.

For the past twenty years she had lived with her son, Herbert M. Sylvester, at Richmond Hill, and was recently sent to the home as her son, at the age of 75, is infirm.

Mrs. Sylvester came of a long-lived family. She was born in Stratford, Orange County, Vermont, the daughter of Mr. and Mrs. Robert Sargent. Her father was a veteran of the War of 1812.

She married Ezekiel Sylvester, who was then superintendent of a large cotton mill in Lowell, Mass. When he retired they came to Otisfield where they bought a farm and conducted it for more than 30 years. Her grandmother reached the age of 104 years and her great grandmother was 94 when she died. Besides her son, she leaves a grandson, Robert E. and two great-grandchildren.

(The Sargents were of early stock in Vermont. In this family were a line of senators, a governor and many lesser statesmen.)

WEST LOVELL

The boys at Camp Kiniepie and the girls at Camp Vagabondia have returned to their homes.

Wm. Ward has made a visit at Lyman Chase's.

Mrs. Orlando Allard is visiting in Rumford.

Geo. and Isaac Fox, who have been down river with the drive of logs and pulp are at West Lovell owing to low water.

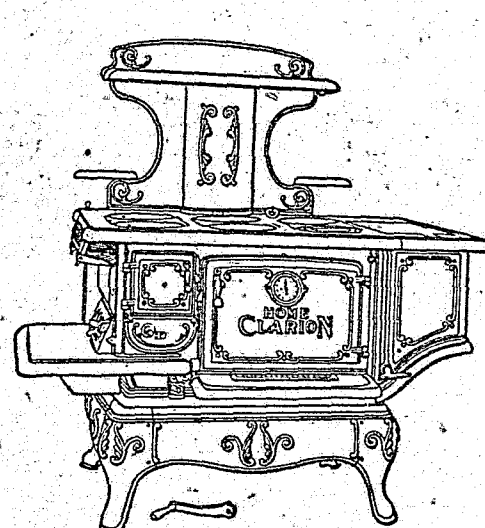

Webster McAllister and Arthur Fox have installed a radio outfit at the latter's home.

Byron McAllister is digging a well, has dug about 15 feet and not much water yet.

Clayton Tower and wife and his father and sister spent the day with Mrs. Byron McAllister and family.

Orman McAllister is attending his first term of school. W. Stanley Fox conveys him to the Crooker school district.

Some people always have time to attend celebrations.

RANGES

QUANTITY production makes low prices
possible.

The Delco-Light Company makes more farm
electric lighting plants than any other manufac-
turer. Over 21 acres of floor space are occupied
by the great Delco-Light Factories at Dayton.
Whole carloads leave these factories daily, carry-
ing Delco-Light Plants destined to brighten
farm homes far and wide throughout the land.

Over 4,000 skilled installation men are daily
wiring homes and installing these plants in all parts
of the country. Such quantity production and
such unparalleled installation facilities enable
the Delco-Light Company to offer for the first
time this wonderfully low, installed price for
the most popular farm-size Delco-Light Plant.

Never before has there been such a splendid
opportunity to equip your farm with electric
light and power. Delco-Light will make your
home a better, brighter place in which to live
and work. You can make the housework easier
for the women. You can make life happier for
the children. You can save labor and increase
profits for yourself.

Casco Grange

Casco Grange meeting at the Hall in
Casco Village Saturday evening, Sept.
8, was an enjoyable affair. The tables
of all the officers were decorated with
bouquets of sweet peas donated by Mark
L. Leach of "Leach Hill Farm."

The program consisted of vocal and
instrumental music. The solos by Mrs.
Iva Gay, Harriett Burgess and the mas-
ter, Russell Baker, the stories by Mark
Leach, and Frank Jordan. About thirty
paid fines for not being prepared to take
part in the program, but in paying them
added their bit of merriment.

Boxes of candy were auctioneered off
by Mark Leach and a nice sum realized.
A social time of games and music fol-
lowed. Two visitors were present from
Otisfield Grange. There will be three
candidates for next meeting.

Stomach Cramps two and three times
a week. I tried all kinds of expensive
medicines without results. After a
year of Stomach Cramps, I read about
"Fruit-a-tives" and sent for a box,
writing your firm that if "Fruit-a-
tives" did not help me, I would have
to die. After the trial box, I felt
relieved so I kept on using "Fruit-a-
tives" for several years and am
thankful to say that "Fruit-a-tives"
saved my life. Mrs. F. S. STOLZ.

"Fruit-a-tives" gives such excellent
results in all cases of Stomach Trouble
because this medicine is made from
the juices of apples, oranges, figs and
prunes combined with tonics. It tones up and invigorates the stomach
muscles, increases the supply of gastric juice; and, at the same time, relieves
the Constipation and Bilious Headaches, from which so many Dyspeptics suffer.

Estate HEATROLA

is the new-day way of heating for small homes—with or WITHOUT BASEMENTS. Installed in one of the living rooms, it supplies moist warm air to all connecting rooms—upstairs and down.

Results are amazing. The owner (or renter) of a small home is now offered all the advantages of warm-air heating at low cost.

Estate Heatrola burns any kind of coal—hard or soft, lignite or slack. Wood also can be used with highly satisfactory results.

The beautiful mahogany finish of the Heatrola is a vitreous enamel—hard and smooth as glass, and practically everlasting. It is grained to look like rare old mahogany. You can rub it and dust it with a cloth, just as you do your furniture. No cast-iron parts to black; no nickel to polish.

Glenwood

Makes Cooking Easy

"I never knew I was such a good cook"

AND I'll have to give most of the credit to our new Glenwood range, it certainly has made a difference in my cooking. I'm spending less time in the kitchen, too."

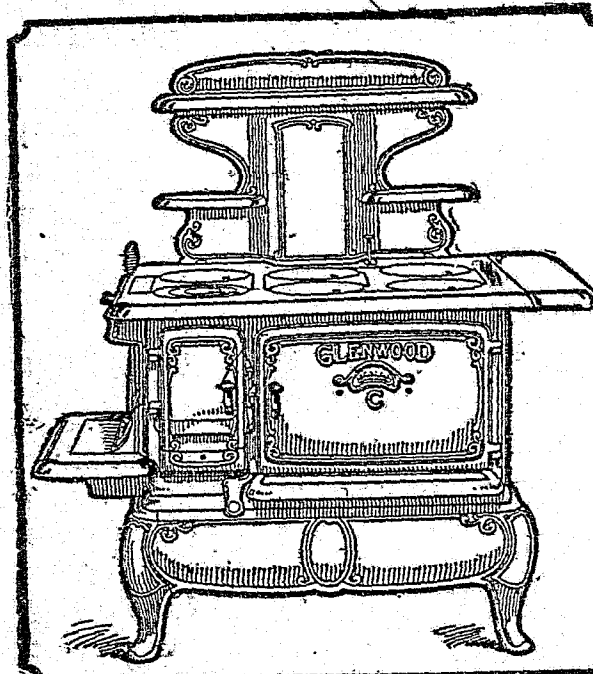

"It's a relief to have a range that doesn't need to be coaxed to cook."

A Glenwood comes as near to making cooking a pleasure as any range can. It does make cooking easy, which is really more important.

The Model "C" Glenwood is illustrated here.

Its big square oven bakes food exactly right—top, bottom and clear through. The balanced baking damper and the Glenwood Patent Indicator take care of that—you can't make a mistake.

Like every Glenwood, the Model "C" is built for a lifetime of service. It will give you a new idea of how easy it is to be a good cook.

Sherman Hapgood

Funeral services for Sherman Hapgood, an old resident were held here, Sunday, at the home of his nephew, Wm. H. Berry, in charge of undertakers, Gray & Feabody of Portland. Rev. H. C. Booth, neighbor and great friend of Mr. Hapgood, gave a very interesting sermon. There was a profusion of flowers. The bearers were C. A. Harnden, W. B. Lord, W. W. Warren and H. L. Douglas. The burial was in the family lot in Hamden Cemetery.

Sherman Hapgood was born here about 63 years ago. He kept a store in the brick basement on the corner and did a good business. He played 1st cornet in the band and was very active in building the hall, being on the building committee.

About 35 years ago he married Miss Lena Harnden, sold his business and opened a store in Woodfords. This, he also sold, and with Fred Powers opened a store on Free St. This they sold and established the Portland Creamery, also the Deering Ice Cream. Owing to ill health he sold out his interests about a year ago. He leaves a wife who has been an invalid for many years. Mr. Hapgood was a very successful business man, a director in several Portland banks and a former selectman of this town.

Eben P. True and family have closed their house and returned home.

Mr. and Mrs. Geo. E. Spencer, who

are employed at the men's reformatory at South Windham, are on their vacation. They, with Mr. and Mrs. H. W. Lord are visiting friends and relatives in Skowhegan.

Misses Sisson and Morrison closed their camp, Camp Cochechee, Sept. 4 and left for their home in Nashville, Tenn.

Mr. and Mrs. Warren Goddard of Winchester, Mass., were the week end guests of their grandparents, Mr. and Mrs. E. B. Warren.

POULTRY DEPARTMENT

Over 500 birds were in the show, being nearly double the number of last year. Harry E. Lovelace, representative of the Western Maine Poultry Association, was in charge and arranged the exhibit. Many new wire exhibition coops replaced a long row of the wood variety and added much to the neat appearance of the show. W. H. Whipple of Portland was judge and performed his work, Tuesday.

Seldom have so many varieties been shown and the increased number would indicate increased interest in poultry raising. Frank E. Field of Minot was the largest exhibitor with 111 birds and thirty-eight varieties. Mr. and Mrs. Dallas L. Benson of East Oxford offered a large variety of geese, ducks, and game birds along with a good showing in other breeds. An increase in the Japanese ilikes was noticeable, for not many years ago this breed was rare in the local shows. Rhode Island Reds predominated and many fine specimens were shown. Barred Rocks, Wyandottes, and Brahmas were conspicuous among the utility breeds and bantams for small stock were in abundance. E. P. Crockett's display of fourteen Light Brahmas was a nice lot.

A fine exhibit was the pen of twenty-one Rhode Island Reds from the Red Feather Farm, Berry Goodwin, Fryburg, Norway. The display was attractively arranged and made a good impression.

Leading Up to the Fair

Horsemen and fakers put in an appearance Saturday. Some stock also arrived and the big show commenced to in camp Sunday and the usual quiet utility day with all hands busy preparing for business while a small army of sightseers strolled about the grounds.

Sunday evening was quiet and the fair folks hit the hay early.

Monday was a regular day with the finishing touches to be made and many new outfits to find an anchorage. President L. E. Matko, who is also superintendent of the grounds, was a mighty busy man doling out space and answering questions. He was about everywhere at once but handled the traveling gentry with ease and fairness. Despite an advance in ground and concession prices, men and showmen magnates crowded on, eliminating only the undesirables and

bringing together a more substantial midway.

Monday was eventful for two reasons, first two monkeys escaped from Sam Cohen's pit shows, secondly, one of the hot-dog tents burned to a crisp. The monkeys made the most of the getaway and jazzed into the woods adjoining the grounds. Liberty was a scarce article and this sudden expansion from cage to the great outdoors was something to be encouraged and used. The show opened Tuesday with the "happy family" in the tall timbers and not on exhibition.

Losing a canvas top by fire is expensive and also a menace to other joints. Shortly after noon, Monday, the top caught fire in some manner and burned to the frame. Bill Twitchell's dining booth, not a rod away, commenced to sizzle on top, but this was easily extinguished. Fortunately the wind was blowing away from the row of fabric houses and prevented a clean-up on one side of the midway. Mr. Dolbert, the owner, was in hard circumstances after the loss, but faking neighbors chipped in and set him up again.

Griffin & Boynton, decorators of Lewisville, put up extensive decorations early inside and outside the Exhibition Hall; over the two grand stands and about the other buildings of the society. Mr. Griffin has recovered from serious injuries last July from a premature explosion of a bomb while handling the fire works at Dixfield. He spent ten days in a hospital and carries many scars to remember the occasion.

"Pop" Foster, one of the oldest victualers on the grounds in point of coming here was at his customary post on upper midway and commenced to hand out lunches and refreshments Saturday. Carrigan of Portland, who succeeded his father, the late William Carrigan, had his tent for soft drinks going for some Carrigan's business at our fair dates back at least forty years, without a skip.

E. H. Fellows Shows arrived from the Gardiner Fireman's Celebration on Sunday. The "Wave" and ferris wheel together with a merry-go-round from St. Johnsbury, Vt., made up the outfit. Mr. Fellows celebrated his twentieth year here and expects to come many more times. A serious attack of flu last winter has broken down his health but despite warnings from spectated M. D.'s, he follows the trail of fairs.

The cattle sheds filled early with L. E. McIntire's stock from "Greenfields," East Waterford, and the large herd of A. D. Cummings' holsteins on hand Sunday. Oxen also were driven in before the week opened but smaller stock remained home until the curtain went up on the 31st exhibition.

Secretary W. O. Frothingham was at the desk early and found business excellent. Frank S. Clark, South Paris, as assistant about the executive department did the running about, answered the telephone and became utility man. Charles W. Bowker, superintendent of the hall, easily filled every inch of his space and did close figuring to squeeze ten tight for just one more. Great was the call for bench room but many were left out. Decorators covered bare rafters and exhibitors early recognized the good impression of white paper and colored fabrics.

Agricultural and Good Roads Exhibits

A. W. Walker & Son occupied a large space near the midway and catered to a large patronage. Percy Walker was in charge assisted by Robert Wise and several representatives of the various implements carried by the company. There was a large display of plows, manure spreaders and other farming machinery with gas and kerosene engines, tractors, separators, haying machinery, pressure pumps and home water systems, lightning rod installation and the Fairbanks lighting plant in full operation.

E. A. Clifford was located under the grandstand with a more extensive exhibit than in former years. Many implements of the John Deere make were on display with the De Lavel separators and engines. The Monier's one pipe furnace for coal, wood or kerosene fuel was explained by A. W. Libby of Portland, while G. N. Kennedy talked up the Deere products. Albert F. Copeland of Bethel showed the government wheels and axels made for war use but now available at a low price.

Charles W. Bowker of South Paris had several road making machines for which he is agent. He has carried a line of handy road making implements for several years to meet the demands for standard goods and he has pleased many in surrounding towns.

Sunday School Picnic

The F. B. Sunday school held their annual picnic in the Holden grove by Saturday Pond on Labor Day, nearly one hundred were gathered and enjoyed the dinner together, being spread on long tables prepared by the committee in charge. Ice cream was served to all and iced lemonade. After the dinner was over, the organ was brought out from the "Greenleaf" cottage and music and singing was enjoyed. After the chorus singing, Mrs. Ola Lamb sang solos, and the Misses Morton sang duets which were very much enjoyed. Several songs by the Greenleaf brothers were much appreciated, all making it a very enjoyable day.

Mr. and Mrs. Percy Millett and daughter Arline of South Paris called on Mrs. Hattie Greenleaf, Sunday.

Wanderers' Needle Club

The Wanderers' Needle Club met last Wednesday, Sept. 5, with Mrs. W. P. Linnell. There were sixteen present. While the ladies were busy with their sewing, the hostess served confectionery, so all were kept sweet and smiling. The afternoon passed so pleasantly and quickly the call to assemble for refreshments came as a great surprise. Mrs. Linnell, assisted by her daughter, Mrs. Kincaid, served saltines, cheese, delicious cakes and coffee.

Henry and Ernest Greenleaf who have spent the summer with their grandparents, returned to their home in Auburn, Monday.

Mrs. Walter Kincaid and two children returned to her home in Somerville, Mass., Saturday.

Mrs. Rose P. Holt and Lina Holt and Ashmer Clement of Fairfield motored to Broadview Farm, Tuesday, and with their cousin, Greenleaf, attended county fair on Wednesday.

Ernest Greenleaf is at work for Henry Voemus on a bay window and doing other carpenter work on the house he recently bought of Harry Stone. Mr. and Mrs. Voemus moved into their new home last week.

Harry Stone and family have moved into the house formerly occupied by Mr. and Mrs. Ellis Stone.

Mr. and Mrs. Ellis Stone have gone to Portland.

NORWAY CENTER

Rev. Olin B. Tracy, the new pastor of the Congregational Church at Norway, will occupy the pulpit at the church here, Sunday.

Mr. and Mrs. Edward Bennett and family of Bethel visited at Alma Thurstone, Sunday.

Madeline Wyman went to Bridgton the first of the week, where she is to teach. Eleanor Brown has finished work at Poland Springs and is at home.

Albert Knightly and Ralph Watson are working at the East Waterford corn shop.

Elmer Watson has returned from Ocean Park. He visited Mr. and Mrs. J. Willis Ross at Clark's Mills a few days last week.

A number are attending the fair this week with their cattle.

School opens Monday, taught by Verna Steen of Bangor.

WHAT WE SAW IN THE HALLS

Three Granges occupied prominent places, Hebron, Paris and Frederick Robie. Hebron used a border decoration of cedar and barberries and immense corn stalks at each corner, with cedar and beech nut branches on the floor. Grapes, grains, vegetables, farm produce, flowers were attractively displayed. Their variety of fruit was a credit to Hebron which is known as an apple town. A show case of home cooked food and a delicious looking cheese, canned fruit and vegetables, needlework, rugs, quilts and knitted spreads were among the exhibits. A fleece of wool is an unusual display. D. B. Perry, master of the Grange, was chairman of the committee; George Conant had charge of the vegetables; Walter G. Conant of the fruit; Daisy Sturtevant, flowers; Mrs. Hutchinson, food; Gertrude Conant, canned goods; Marshall Keene, decorations.

Paris Grange used for decorations, sprays of oats with sumac and tall corn stalks and sun flowers at the corners. They have an attractive display of fruit, vegetables, flowers, needlework, dairy products, flowers, needlework, rugs and quilts, and as quite a curiosity, 160 different kinds of beans were shown, these being the property of a member of the grange. Mr. and Mrs. Ernest Talbot, Mr. and Mrs. A. U. Tyler and Mr. and Mrs. Frederick Cummings were the members of the general committee.

Frederick Robie Grange used cedar with clusters of mountain cranberries for outlining their booth. A large variety of fancy work was shown, also an excellent array of apples and all kinds of vegetables, and canned fruit. A case of cooked food was attractive. An article of special interest is a silk crepe shawl exhibited by Mrs. Annis, which was brought from China by a sea captain and presented to her grandmother for her wedding which took place in October, 1841. Another antique was a Japanese fan made of white feathers attached to ivory stocks and bordered all around with real peacock feathers. Sanford Annis, Mrs. Cora Thurlow, Mrs. Eva Annis, Doris Annis, Norman Annis, Mr. and Mrs. Ralph Merrill and Mrs. George Linnell were the committee in charge.

In the space between the front entrances in the upper hall, Cressey & Allen of Portland displayed pianos, piano players, Victrolas, saxophones and music merchandise.

Two sides of the hall were devoted to the display of apples, and while the year is not considered a good one, it was a creditable display, although the exhibitors complained that the fruit was not as well colored as usual, owing to the late season. Among the large exhibitors were H. I. Conant, A. A. Conant, W. G. Conant, Oliver C. Buck and Dwight Cushman of Hebron; J. W. S. Colby, W. T. Knightly, H. N. Porter, I. E. Andrews, all of South Paris; G. N. Emmons of West Paris; P. R. Jack, Buckfield; Sunnyside Fruit Farm, Norway. Grapes, plums, pears, peaches, cranberries, ever-bearing strawberries were also shown. Several excellent apple displays in boxes were shown.

Cushman's Radio Shop has radio equipment and also a set in action, set up in a small rest room.

Papina Schultz for headache, ear and sea sickness was sold from a booth at the head of the stairs. This outfit was from Attleboro, Mass.

R. P. Skeetop was on hand with Indian goods and sweet grass baskets.

A fine display of cut flowers was made by Miss Harriet Knight and Frank H. Beck of Norway and Mrs. Frank Dudley of South Paris.

Two sides of the lower hall are given over to the display of vegetables, which is fine and shows great variety. Verne Knightly and Lawrence Brown under the Boys Farm and Garden Products, had excellent displays.

Mrs. Roscoe Bennett, South Paris, exhibited canned goods, pickles and butter and Mrs. William Deoster of South Paris, also exhibited butter.

The Central Maine Power Company demonstrated electrical articles and served hot doughnuts fried by electricity at the booth. They also showed the working of the Paul pump.

Ralph Butts, South Paris, demonstrated the working of the Duro water system.

Mrs. A. L. Freelove of Bridgton had a large display of ready to wear and trimmed hats and did a flourishing business. In the exhibition by the Boys and Girls Clubs, the girls had a very creditable display of sewing and canned goods. The Boys' Potato Club showed potatoes grown from certified seed.

The "Jiffy Mender" was demonstrated in mending hose or fabrics of any kind, and after application is ready to wear in ten minutes, and will stand washing, boiling and ironing; does away with the darning. Iron rust and stain remover and moth eradicator are also sold at the booth.

Doll's furniture made by Irving Wheeler, a lame boy of South Paris, was for sale. The work in the children's department by children under fifteen years of age was a credit to the small misses and compared well with that of their elders. An old fashioned spinning wheel with a reel over 200 years old, attracted many. Mrs. Lillie Mason of Paris demonstrated the spinning of yarn from the wool. This was an interesting feature in the upper hall, and was a novelty to the majority.

C. Kiam of Lawrence, Mass., who has attended the fair for many years, sold many kinds of handmade embroideries, lace, sweaters and the like. Graham's Cleanser from Old Orchard, demonstrated the cleansing of shoes, gloves and clothes. A booth of leather goods, moose skins and fancy jewelry attracted many. The Noraco Farms from North Norway, Me., showed a large display of jams, jellies and preserves, which were on sale.

The fancy work department was larger than ever and occupied the whole side of the hall and considerable space at the back. The premium list gives a good account of what was there: quantities of embroideries, crocheting and knitting; quilts and quilts; Miss Ruth Miller had dolls in "still life" painted from a distance, crayon sketches from life, fashion designing and posters. Mrs. Gladys Greenleaf had crayons, and Mrs. Helene Pratt also. John D. Cole showed some fifteen studies, mostly of animal and Indian life. Mrs. John Simons, a blind lady of South Paris, exhibited a sweater and a baby's jacket made by herself, and they were beautifully made. W. J. Wheeler had a display of musical instruments, pianos and the Edison machine.

Park & Pollard Co. showed their different feeds. The Grandin Milling Co. is represented by L. E. Blaisdell and C. B. Davis. They showed a pen of E. I.

Reds from the Red Feather Farm, that were fed on their chick feed. A pen of chicks 12 days old, started on buttermilk feed were a healthy lot of chicks, and had quarters in a model poultry house built on a small scale, on the one inch plan.

L. M. Longley & Son showed everything in cutlery, tools, paints and varnishes, sporting goods, the Franklin Fire-place stove; the Arobelle washing machine in one side of their booth and in the other, a complete bath room with built in tub, pedestal lavatory, steel medicine closet, shower bath, and a complete line of high grade bath room trimmings.

R. P. Bickford of Maine gave set in jewelry. Mount Zircon Spring Water Co., and the Rumford Bottling Company had a full line of beverages.

The Farm Forestry Department issued by the State Department is showing the work of the White Pine Blister Rust and other pests and claimed the attention of many. D. S. Curtis was in charge and was assisted by Edward Babb of Paris.

Among the jewelry and novelty places were Mrs. W. E. Rice of Norway, Chas. D. Moses of Portland, and several others showing fancy tags. The Eveready Oil Burning Equipment was demonstrated by Silver & Tidd, who have taken headquarters at 166 Main St., Norway.

Safety for Emergencies!

Buick Four-wheel Brakes

Buick four-wheel brakes meet the demands of present day traffic conditions by having power in reserve to insure a rapid, safe and reliable "stop".

Actual braking effectiveness is practically doubled by Buick four-wheel brakes. This is accomplished by slowing down the two front wheels. Each brake band has a three-quarter wrap or grip on its brake drum, rather than the half-way wrap in common practice.

The Buick four-wheel brakes are an integral part of the Buick front axle design. Their arrangement and operation are simple. The front brakes are coupled in relation to the rear so that when the brake pedal is operated more pressure is put on the rear brakes than on the front.

Buick four-wheel brakes (on all models) are one of many definite advances in motor car operation and maintenance that the 1924 Buicks have contributed to automobile transportation.

Why You Should Think Before You Vote October 15th on the 48-Hour Law

On this day we either do or do not commit Maine to a law that makes it illegal for a woman to work more than 8-hours in any one day or more than 48-hours in any one week.
VOTE AGAINST IT FOR THE FOLLOWING REASONS:

1. It will tend to drive our factories and shoe-shops out of Maine. It will harass and complicate the Agricultural interests of Maine. It will interfere with continuous employment in every industry in the State. **IT WILL DAMAGE MAINE.**
2. Only two industrial states in the Union have any such law. Our cotton mills are moving to the South, where they can work **SIXTY HOURS A WEEK.**
3. **IT WILL MAKE IT IMPOSSIBLE FOR MANY INDUSTRIES TO EMPLOY WOMEN AT ALL.** Where there are certain seasons of **RUSH WORK**, as in shoe shops, in which women are largely employed, it is essential that women have the right to work extra time. They cannot do so under this law. If they do so they are liable to punishment. They are certain to be displaced by men as they have in Massachusetts to so large an extent.
4. The present hour-of-labor laws are reasonable and work no hardship. **THERE HAS NEVER BEEN ANY COMPLAINT ON THE PART OF WOMEN.**
5. The passage of such a law for Maine is a **DISCRIMINATION AGAINST MAINE INDUSTRIES**, in favor of other states.
6. Any such law when passed should apply to **ALL STATES ALIKE**, not to a state whose industries are slipping and whose struggle in competition is weakened by distance from market; extra freight and shipping rates and cost of coal and materials.
7. **WOMEN SHOULD HAVE AN EQUAL CHANCE WITH MEN TO EARN A LIVING.** The foundation of a proposition to limit them and not limit men is weak; the proposal is unjust. **"GIVE THE GODDESS OF LIBERTY A MAN'S CHANCE."**

Vote Against This Discriminatory Law on October 15th Mark Your Ballot "No"

Random Events

Shaw's big dances at Association Hall, South Paris, were largely attended and enjoyed. Tuesday evening, Helen Emery won a sum of money in gold as "Miss Paris" in a popular voting contest. On Wednesday night a carnival attracted over one hundred and fifty couples with a large balcony patronage. Confetti, streamers, noise makers and jazzy music made the occasion a riot of color and fun. Shaw's Orchestra, six pieces, furnished music and Mrs. Eva Evers of South Paris was the vocalist in several dance numbers.

Number of automobiles on the grounds Wednesday varied according to different estimates. From 1,000 to 2,100 cars are believed to have passed through the gates.

Cole & Clifford, South Paris, kept the track brushed, using the Tydol gas truck and the automobiles sold by them to furnish power.
